PROJECTS

Portfolio Link: https://my-portfolio-deepak-das.vercel.app/
NewsApp
GitHub Link : https://github.com/DeepakDas2d/newsapp-react

- Developed a news application using ReactJS that fetches and displays the latest news from various sources through the NewsAPI.
- The app features top headlines, different news categories, infinite scroll, and a top loading bar.
- Styled using Bootstrap for a responsive design.

TextUtils App : A Text Editor
GitHub Link : https://github.com/DeepakDas2d/utils-text-editor-react-app

- Developed a text editor application using ReactJS with features including text formatting (uppercase, lowercase, capitalize), removing spaces, copying to clipboard, clearing text, downloading text, and text-to-speech conversion.
- Implemented a responsive user interface with Bootstrap and custom CSS for enhanced user experience
